CENTURY'S MARKER

Permanent Markers used in textile mills for marking on grey fabrics / hosiery / denim fabric / raised fabric / woolen clothes

TEXTILE MARKER'S INFORMATION

- ☞ Automatic marking pen for easy writing on grey fabrics (Pump Type)
- ☞ Permanent marking on grey fabric / hosiery & woolen fabrics
- ☞ Available in high glossy colours with different point sizes point. 2mm, 3mm and 4mm.
- ☞ Fine 1mm marking with Steel Tip for Shrinkage testing for laboratory use.

USES

- ☞ Point No. 2 : writes 2mm wide for general purpose.
- ☞ Point No. 3 : writes 3mm wide, specially for knitted / Hosiery / Denim Fabric and Canvas type fabric.
- ☞ Point No. 4 : For Raised Fabrics.

COLOURS AVAILABLE

- ☞ Century's Shrinkage template & Percentage Scale is Universal testing equipment to determine dimensional change after washing and dry-cleaning in all types of fabrics
- ☞ Equipment is a calibrated & is user friendly
- ☞ Marking Benchmarks Type A : 250mm, 350mm & 500mm
- ☞ Marking Benchmarks Type B : 10Inch (250mm), 350mm, 18Inch & 500mm
- ☞ Acrylic template & scale keeps its calibration intact in any atmospheric condition & gives nice look.
